Product Description

A car that burns for the race trackThe Mercedes-AMG GT3 Evo in the classic flame design of the Sunenergy Racing Team with the number 75 took part in the 12 Hours of Bathhurst. The race is a classic among racing teams and enjoys great popularity worldwide. The Mercedes-AMG GT3 Evo "Sunenergy Racing, No.75" presents itself with a red-hot flame imprint and makes quite an impression.Fire and flame - also at homeThe Carrera DIGITAL 132 Mercedes AMG GT3 Evo "Sunenergy Racing, No. 75" Bathhurst 2022 is also red-hot on the home racetrack. With the eye-catching flame design of the Sunenergy team, the vehicle is a real eye-catcher on your racetrack. The front, rear and brake lights of this vehicle light up, making it easy to recognise at all times, even on dark tracks. The true-to-original model can be individually coded and digitally controlled.
