370142042 - RC 2.4GHz Ford F150 Raptor, white

from **80,25 EUR**

Item no.: 363879
shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

Fire and flame: the Ford F-150 Raptor When you drive up in the Ford F-150 Raptor, all eyes are immediately on it, because the orange and black flame design on the white background of the pick-up truck really makes a statement and always makes you look like a winner! Thanks to the official licence from Ford, our pick-up truck is modelled exactly on its big brother. So you have your own little Ford Raptor. The front and rear lights won't stop it even in poor visibility and, thanks to the splash guard, even bad weather and puddles can't harm it. So you have the chance to race your Ford pick-up truck in any weather and on any route you choose, or simply have fun! Its wide tyres and high ground clearance will also help you! Powerful on the race track With its 40 cm length, your Ford F-150 Raptor can handle any track and can be used universally, with the pick-up reaching a top speed of up to 18 km/h. With your racing car, you can race for 40 minutes, drive off-road or simply speed around until you need to refuel it. But after just 80 minutes, your racing car is ready to go again. The digital proportional control with 2.4 GHz technology allows your Ford to be steered continuously and variably in all directions and also impresses with its cool design. As soon as you have unpacked the Ford, you can take off immediately thanks to "Ready to Run"! So there's no long wait for your first ride in your new vehicle. During breaks or when your Ford is stationary, its hi-tech battery switches off automatically, thus saving the necessary energy. This means you are ready to go again more quickly and save yourself unnecessary minutes of waiting while charging.

Details- Age recommendation: from 6 years Special features- Ready to run- Splash-proof- Car made of technical data- Charging time: 80 min- 2.4 GHz technology- Length: 39.5 cm- Width: 22.4 cm- Height: 18.8 cm- Digital Proportional- Up to 18 km/h- Rechargeable battery- USB- Ride time: 40 min- 2,4GHz Digital Proportional (D/P) Content- 2,4GHz Ford F-150 Raptor, white- 2,4 GHz D/P Gun Controller (2020-MB)- LiFePo4 AKKU 6,4V 900mAh 9,5A- USB Cable 1A for LiFePo4 6,4V Batteries- AAA ALKALINE BATTERIES - 8 pcs.
