Product Description

Orléans: Stories - Board Game, 2-4 Players, Ages 12+ (DE Edition)

Orléans Stories is a board game for 2-4 players aged 12 and up with an epic game duration of 60-180 minutes. It is based on the bag-building mechanism made famous by Orléans, which has been developed further in Orléans Stories into a storytelling tale in which players move through different eras and face a wide variety of challenges.

Included in the game are the two stories The First Kingdom and The King's Favour. In both stories, the players pass through successive epochs whose conditions and rules are different. However, while The First Kingdom leaves it up to the players to decide which strategy to use and where and for how long, in The King's Favour the players advance together and must complete certain tasks within the set time frame of each epoch in order not to be eliminated beforehand. Orléans Stories is an epochal work in the literal sense of the word, in which the players both pursue their own strategy and act together with their fellow players.
