370501050 - RC 2.4 GHz Green Chopper 2.0

from **30,81 EUR**

Item no.: 363953
shipping weight: 0.40 kg
Manufacturer: Carrera

Product Description

For high-altitude flights of a special kind Take to the skies with the Carrera Green Chopper III! The digitally proportional controls allow you to steer your RC helicopter easily and precisely in any direction. Thanks to the 2.4 GHz radio technology and three channels, you can also fly up to 16 RC helicopters or quadcopters together with your friends. The gyro system guarantees a stable flight. When the Green Chopper II arrives, you can start flying straight away: Helicopter, controller, rechargeable battery, USB charging cable and batteries - everything you need for an exciting trip indoors or outdoors. What else the helicopter has to offer The aluminium fuselage and the high-quality, coaxial rotor control system ensure even more flying fun. The 18 cm long RC helicopter makes the skies unsafe for around 6 minutes!

Details- Age recommendation: from 8 years- Difficulty: Level 1 Special features- RC helicopter with coaxial rotor control - Auto take-off & landing function- Ready to run- Drone class: C0- Auto flight altitude Technical data- Flight time: 6 min.- Charging time: 30 min.- USB - 2.4 GHz technology - Length: 19 cm - Width: 3.8 cm - Height: 1.5 cm - USB USB- 2.4 GHz technology- Rechargeable battery- Length: 19.5 cm- Width: 3.8 cm- Height: 9.5 cm Contents- 2.4 GHz Green Chopper 2.0- 2.4 GHz Controller small Air (2022-DH)- 3.7 V 150 mAh Li-Po battery for helicopters 501027, 501003, 501010, 501005, 500001, 500002, 500003- USB charging cable for helicopters 501027, 501003, 501010, 501005, 500001, 500002, 500003- AAA ALKALINE BATTERIES - 8 pcs.
