### Product Description

With the reasonably priced package consisting of 4 hero dashboards for "Gloomhaven" and "Gloomhaven: Paws of the Lion", you always have everything important in view. Nothing slips and the game accessories are always to hand. The player boards not only save time and nerves. The compact design also provides more space on the gaming table. As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. All products are provided unpainted.

Details- compatible: "Gloomhaven" & "Gloomhaven - Paws of the Lion"- no assembly required - ready to play- made from renewable raw materials  
 Technical data- Dimensions: 180x140x23mm- thermoplastic- 3D printed in Germany  
 Content- 4 pieces  
 Information- Each dashboard can be used with both "Gloomhaven" and "Gloomhaven - Paws of the Lion".  
 Full control - Each player decides for themselves which cards and tokens to place on their hero board.  
 Character cards can be placed upright or lying at the head of the board.  
 Status tokens can be placed in the two slots in front.  
 In the centre of the player board there is a compartment for the character skill card deck and two compartments for attack modifier cards.  
 The 4 side compartments with slots are used to place coin tokens. - Instead of the counters, the life and experience points can also be displayed here using dice (edge length: 14 mm).  
 Up to 26 item cards can be placed in the slots at the front. - If cards are in the slots, the dashboard should not be lifted, otherwise the cards could fall out.  
 There are places to discard cards on the side of the tray and above the attack modifier cards. - Of course, the cards also fit with protective sleeves. - Maximum dimensions of the various cards: 99 x 68 mm and 74 x 48 mm
