📄 Product Description

If you love classic pinball games, then get ready for the Robotime ROKR 3D Pinball Wooden Puzzle Set EG01! This is a vintage-style pinball game machine that will take you back to the good old days of the 90's. Challenge yourself by assembling all the pieces and building your own pinball machine.With the entire transmission model, live sound and light effects, electronic scoring and other exquisitely detailed designs, this ROKR 3D pinball puzzle will give you plenty of fun when playing alone or interacting with family and friends.Try to survive as long as possible and score as many points as you can!Ball launcher control: You should bounce a ball in the level and hit all the targets. You can adjust the speed and bounce of the ball by controlling the power and direction of the launcher.Points for hitting targets: In the game, players can score points by hitting different targets. Different targets have different points, and there may be some special targets that are difficult to hit during the game.Colourful game scene: This 3D pinball is all about acrobatic and magical performances with small animals and musical tin soldiers as the backdrop. Colourful LED lights are used for visual effect, and the tilting rectangular platform adds a sense of depth to the room from far to near.Unique retro design: With the retro circus decoration as the theme, the overall design of this 3D pinball game adds a delicate nostalgic appeal.Easy and smooth assembly: The wooden puzzle features a mortise and tenon joint design to bring you a smooth and enjoyable assembly experience.Casual tabletop game: This tabletop game is suitable for all children aged 14+, young adults, middle-aged people and seniors. It is a fun, creative and meaningful practical project for you to build and play in your spare time.! Notes: Due to customs regulations, the wax may not be included in the package. Wax: You can use regular candles, crayons, beeswax, etc.
