from **88,74 EUR**

Item no.: 363911
shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

This vehicle is a true professional. The Carrera RC Ford F-150 Raptor in the exclusively licensed Ford design is not only visually impressive across the board. In addition to 2.4 GHz technology, front and brake lights and digital proportional control, there are many other technical features under the bonnet of the 27.5 cm long vehicle. Thanks to its all-wheel drive and oil-pressure shock absorbers, even rough terrain is no problem for this powerhouse! With a top speed of up to 50 km/h, the Carrera RC Ford F-150 Raptor simply outruns all others! It's clear that this vehicle is not for the faint-hearted! A real highlight of this Carrera professional RC year is the licence from the US off-road brand Jeep®, which makes the Jeep Trailcat a true original in the off-road vehicle sector. The green branded model has front and brake lights and impresses its drivers with full power. With a top speed of up to 50 km/h, it is almost unstoppable.
