Product Description

Immerse yourself in the world of prehistoric times and experience adrenaline-fuelled adventures with the remote-controlled dinosaur vehicle from Carrera RC. With a size of 31 cm and its fascinating violet eyes, this dinosaur attracts everyone's attention. With its TOP speed of up to 15 km/h and interference-free 2.4 GHz technology, it can handle any race. The LED lights attract attention in night races, while the separately controllable axles enable precise manoeuvres. Thanks to the high-quality equipment, the robust special plastic and the full-suspension chassis, the Dino masters any terrain. With the rechargeable LiFePo battery, it offers a long running time of up to 30 minutes. Perfect as a gift for dinosaur fans aged 6 and over. Grab the Carrera RC Mega Wheel Dino and let the action begin!
