Product Description

Experience Mario Kart™ in miniature! The licensed 1:40 scale remote-controlled Mario Kart™ Quad from Carrera RC offers action-packed racing with full control thanks to 2.4 GHz technology. With an impressive TOP speed of up to 9 km/h and child-friendly controls, it is perfect for fans aged 6 and over. The robust quad bike has a special plastic body, full-suspension chassis and pneumatic tyres for top performance. The rechargeable LiFePo battery enables driving times of up to 30 minutes. An ideal gift for little racers and Mario Kart™ fans. Start your own Mario Kart™ adventure now!
