Product Description

Excavator fun on the construction siteThe CAT 336 excavator provides plenty of fun on the construction site. Shovel movements, swivelling movements of the excavator, boom movement and track drive can be easily controlled via the controller, making the excavator feeling more real than ever. Equipped with an original CAT licence, the king of the construction site impresses with its impressive yellow paintwork and stylish black highlights.High-quality technology and true-to-original movementsThe excavator is perfectly equipped for night-time action thanks to its LED light. The sound function provides an even more authentic machine feeling. Outdoor enthusiasts aged 8 and over can dig on their own construction site for up to 40 minutes before the included Li-ion battery has to take a break from charging for approx. 210 minutes on the USB quick-charging cable.
