### Product Description

Puzzle pad and game pad in one! The front can be used for card games to enter player names and points, while the back serves as a template for dice games. The following dice rolls are counted on the puzzle pad: per roll, you can choose to get only ones, twos, threes, etc.; triple doubles, quadruple doubles, full house, small straight, big straight, AMIGO flush and chance. It's a tricky challenge to roll all these dice - and a lot of fun.
