Product Description

If you collect 5 cards with the same number or the same colour, you will receive a crown at the end of the round. However, if another player is quicker, you only get rats. Whoever has the most crowns after 5 rounds wins. Rummy for the little ones - even 5-year-olds can join in at the rummy table. How to play Five Crowns Junior. At the start of each round, a large round card is revealed. Each player receives 5 playing cards in their hand. On their turn, the player draws a card and discards a card. If a player has 5 cards of the same colour or value in their hand at the end of their turn, they discard them in front of them. Every other player has another turn. Joker: The colour of the round card indicates which cards are jokers in this round. A crown is awarded at the end of the round for 5 cards discarded. A rat is awarded for each remaining card. The game ends after 5 rounds. The winner is the player with the most crowns; in the event of a tie, the smaller number of rats decides. Details- Language: German- Age: 5+
