Product Description

Discover the ultimate toy for construction site fans and collectors! The high-quality metal construction site vehicle with moving parts is an approx. 6.6 cm long model with an original CAT® licence. With the Cat® Micro 420E backhoe loader, equipped with two large excavator shovels, you can dig at the front and rear at the same time. This model not only cuts a fine figure in the sandpit, but also in your display case. The practical storage box also contains lots of accessories and the unique Motion Sand®, which doesn't stick to your hands. Let the fun begin! Suitable from 6 years.
