📄 Product Description

Create customised foam inserts quickly and inexpensively with Feldherr grid foam. Ideal for cutlery, jewellery and tools.With Feldherr grid foam, you can easily create individual foam inserts. The pre-punched grid offers a suitable solution for a variety of items, such as photo cases, jewellery or technical equipment.The grid foam is quick and easy to use. By separating out individual foam blocks, the foam can be easily customised to the individual shape of the goods to be packaged. The perforated foam can be removed by hand without tools.This 60 mm high insert has a pre-cut grid of 20 mm x 20 mm. It is ideal for transporting goods such as small tabletop miniatures, medical equipment and tools.The grid foam is fully perforated over its entire height. The base is available separately. To ensure that the packaged goods are optimally protected from below, we recommend using a 10 mm thick base, such as item AABA010.This grid foam is punched without edges. This means that the cube foam can be easily adapted to many board game boxes, cases or drawers. Details- The grid foam inlay has the dimensions: 500 mm x 250 mm x 60 mm total height.- Pre-punched grid with 20 mm x 20 mm size.- The foam is completely punched through.- The base is available separately.- The mat has a self-adhesive underside. Simply peel off the film and stick it to the matching base - done. No adhesive is required.- The borderless design means that the grid foam can be easily adapted to many shapes.- Chlorine-free and acid-free- Bulk density 23.0 kg/m³ (+/- 2.0)- Made in GermanyContent- 1 piece
