from **3,71 EUR**

Item no.: 374089
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

You have big plans for your kingdom and nobody stands in the way of your ambitions. Nobody except the other rulers, who have equally lofty ideas for the future of their kingdoms. Now it's up to you to decide the future of the world on the gaming table. To ensure that your board game box doesn't look like a side battlefield, we have the matching Feldherr Organiser for you. Use it to organise your game material and keep your box tidy. No assembly required. All parts are ready for immediate use. While you expand with iron determination, we take control of your board game box. A token holder and a dice holder take care of your game material. Here you can organise your game material clearly and easily accessible. The clear structure of the trays saves you time-consuming pre-sorting and tidying up after the game is also quicker. You can use the time saved to play the game and show the others who's in charge. Place the playing cards on the token holder. Finally, place the rule booklet on top. All cards also fit into the organiser with protective sleeves. If the cards are in protective sleeves, the board game box will not tip over. This means it can also be stored vertically. As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
