Product Description

The Citroën DS 19 Décapotable is a classic convertible that was first presented at the Paris Motor Show in 1955. It was part of the Citroën DS series, which was known for its innovative technical solutions and avant-garde design. The model was distinguished by its unique appearance, designed by the famous Italian designer Flaminio Bertoni! Its aerodynamic body with rounded shapes and low profile was a real revolution at the time. One of the most distinctive features of the DS 19 Décapotable was its hydropneumatic suspension technology, which provided excellent ride comfort and stability on the road. Under the bonnet of the Citroën DS 19 DECAPOTABLE was a four-cylinder petrol engine with a displacement of 1911 cc and an output of 83 hp. The car was equipped with front-wheel drive and a four-speed gearbox, which was innovative for the time. DS 19 Décapotable enjoys great popularity on the market and has become a symbol of luxury and prestige. Its innovative technical solutions and futuristic design caught the attention of customers and the car quickly gained international recognition. It was often chosen by famous personalities, including politicians, artists and celebrities.
