Product Description

Twin Sons Turboshift Acrylic Paint 20ml Bottle

Twin Sons is a Turboshift with a different look on different basecoats, what we call a Zenishift. Twin Sons is a rock/jazz/blue/green fusion - over white it is light blue with green and gold highlights, over black it is green with blue and gold. In the bottle it is blue.

Zenishifts are turbo shifts that shift differently over different base colours. They almost look like they are two metallics in a bottle, with one or the other colour dominating depending on which base colour (black or white) they are over.

The paint was developed for use with the airbrush, but can also be applied by hand.

Caution. Not suitable for children under 36 months.

- Size: 20 ml
- Colour: Twin Sons
