from **48,89 EUR**

Item no.: 376483
shipping weight: 0.80 kg
Manufacturer: Feldherr

Product Description

Neatly stored and safely transported. The Feldherr foam insert for model railways in Z gauge, stored upright, in the sturdy Eurobox. A total of 10 compartments - customised for model railways in nominal size Z, in an upright position - offer your wagons and locomotives reliable protection for storage and transport. Several trains and wagons can be stored next to each other in one compartment. The models can be separated from each other using the spacers also included in the set to prevent them from bumping into each other or being coupled unintentionally. The model railways are thus stored safely all round and are permanently protected against damage and wear and tear such as scratches and chipping paint thanks to the high-quality foam. The filled insert is then covered with the foam lid and the box is ready for transport. The robust Euro container from AUER Packaging, made from impact-resistant and dimensionally stable plastic, keeps your model railway collection absolutely safe. The lid, with an easy-to-operate hinge system and two locking levers, reliably protects the contents from dust and dirt. The box is stackable and can be carried using the recessed grips on the sides.

Details- Chlorine-free and acid-free- Made in Germany- Suitable for models in nominal size / Z gauge
Technical details- Dimensions: 550 mm x 345 mm x 40 mm- Inside dimensions: 570 mm x 370 mm x 70 mm- Outside dimensions: 600 mm x 400 mm x 90 mm- the 10 compartments are 520 mm long x 20 mm wide x 30 mm deep
