Product Description

Clementoni Soaps and Bath Balls, Experiment Set, Ages 8+ (EN edition).

With this set, children learn all about soap making and explore the science behind bubbling bath bombs! This great kit provides everything needed to make wonderful, fragrant creations. The richly illustrated instruction booklet takes children on a journey into the world of cosmetics.

The experiment set contains everything you need to make beautifully scented bath additives - with the basic mass, scented oil, pipette, moulds and spatula, your child will discover the world of science in a playful way

Attention! Not suitable for children under 36 months! Contains small parts that can be swallowed or inhaled. Choking hazard.

- Recommended age: from 8 years
- Number of players: from 1 player
- Contents: base, scented oil, pipette, moulds and spatula. Your child will discover the world of science through play
