from **19,93 EUR**

shipping weight: 1.50 kg Manufacturer: Clementoni

Product Description

Clementoni Experimenting in the Greenhouse, experimental kit, from 8 years (DE edition)

The greenhouse comes in a revised design! Easy to assemble with an easy-open roof for easier access. It has an irrigation system that saves water and a separate sowing and germination area. Children can also experiment with the hydroponic method, which is one of the latest techniques in plant cultivation. The scientific instructions introduce children to the secrets of the plant world.

Caution!Not suitable for children under 36 months! Use under adult supervision for children 8 years and older.

Recommended age: from 8 years

Number of players: from 1 player
