shipping weight: 0.60 kg  
Manufacturer: Clementoni

## Product Description

Grow your own crystals - starter set, experimental kit, from 10 years (DE edition).

Clear and simple answers to many fascinating questions. An interesting play programme for boys and girls. For all bright children with a thirst for knowledge. For understanding, experiencing and observing our environment. Here, the cause and effect of phenomena are explained scientifically.

You can get to know one of the oldest and most fascinating natural phenomena in this game. You will be amazed at how you can grow your own crystals with amazing shapes and bright colours. Meet mysterious stones with shining, coloured crystals inside. You will be helped by an illustrated manual that introduces you to the technique step by step.

Use under adult supervision:

- Contains some chemicals that are classified as harmful to health
- Read the instructions before use, follow them and keep them handy
- Do not bring the chemicals into contact with any part of the body, especially the mouth and eyes
- Keep small children and animals away when experimenting
- Keep the chemistry sets out of reach of small children
- Eye protection for supervising adults is not included
- The latex gloves included in the pack are made using natural rubber latex, which can cause allergies

Caution. Not suitable for children under 36 months! Contains small parts that can be swallowed or inhaled. Choking hazard.
