EB28SET - Storage box for Star Wars Armada: Super Star Destroyer

from **56,30 EUR**

Item no.: 381608
shipping weight: 1.00 kg
Manufacturer: Feldherr

Product Description

Store a Super Star Destroyer model and the game material safely and transport them in the robust box. At 19 kilometres in length, the Super-class Star Destroyer is 100 times larger than an Empire-class Star Destroyer. Equipped with 5000 turbolasers, a devastating number of other weapon systems and manned by over 1000 ships and several 100,000 crew, the term Super-Class is no exaggeration for the battleship of the Galactic Empire. With this impressive miniature, FFG brings the full Imperial might of the Star Destroyer to your gaming table. To ensure that it arrives there undamaged and in full splendour together with your fleet, we provide this storage box including the matching foam inserts. The insert provides optimum protection for this valuable model with a compartment tailored precisely to the Super Star Destroyer. Surrounded by soft foam, the sensitive edges and other fine parts of the miniature are protected from damage. The colours are also optimally protected against scratches and abrasion. There is still space around the star dreadnought of the Executor class for the corresponding game material. There is a compartment in which you can store the two large plastic bases and one next to it for the upgrade cards. The two ship markers go in the narrow, elongated recess. The command and push wheels fit into the two round compartments with finger-wide recesses. A rectangular compartment can be used to store markers and other small parts. The large ship cards and the ship markers of the Super Star Destroyer can be placed on the insert. The package is rounded off with the matching studded foam cover. Thanks to the self-adhesive backing, you can stick it to the inside of the hinged lid. This ensures that everything is securely packed in foam. The robust Euro container from AUER Packaging is made from impact-resistant and dimensionally stable plastic and keeps your Destroyer safe during storage and transport. The lid, with its easy-to-operate hinge system and two locking levers, reliably protects the contents from dust and dirt. The box can be transported using the recessed grips on the sides.

Set consists of: 1 DSEB115 Euro container with hinged lid ED 64/27 HG- 1 foam insert for a Super Star Destroyer + accessories (DMMEQE090BO)- 1 studded foam insert, self-adhesive, as lid insert- 1 foam mat, 10 mm, as levelling shelf.
