from **22,17 EUR**

Item no.: 380085
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

Feldherr foam set suitable for all miniatures in the Zombicide Reboot Box. For transport in the original board game box. So your world ends, not with a big bang or in the blink of an eye, but with a horde of undead breaking through your front door. At least you were able to secure the exclusive Reboot Box via the Kickstarter campaign for the second edition of Zombicide. With the practical Feldherr foam set suitable for the Reboot Box, you can transport all the stretch goals contained in the Reboot Box neatly and safely. Two matching foam inserts are available for your models and cards. Whether it's a former President of the United States, Her Majesty or a despicable Batabomination, each figure is assigned a suitable and secure compartment. Thanks to the precise fit, the miniatures have a firm hold. Even if a zombie nibbles at you during transport, the figures won't slip and will stay in place. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. Finally, a foam lid ensures that your figures are securely packed and ready for transport to the gaming table. The ID Cards, Survivor ID Upgrade Kit Cards and other cards are either stored under the inserts or must be transported separately.
