## CVMEKP055BO - Foam insert for HeroQuest board game box

from **22,17 EUR**

Item no.: 376293  
shipping weight: 0.20 kg  
Manufacturer: Feldherr

### Product Description

Store all 35 monster and hero miniatures plus game material safely and neatly in the original game box. The top rows of the foam insert are reserved for your heroes and monsters. From the goblin to the winged gargoyle, each of the 35 miniatures has its own compartment. The precise cut ensures that nothing slips around during transport. Sensitive parts, such as swords, scythes or wings, are thus optimally protected from damage. If you have painted your models, you can be sure that the colours are still intact after transport. Tables, fireplaces, weapon stands and all other pieces of furniture are also stored individually. The plastic and cardboard parts are both kept together in the compartment. For the doors, on the other hand, we have provided two compartments for the cardboard doors (separated into open and closed) and 21 compartments for storing the bases. This leaves 3 compartments for the remaining game material. One of these has space for the six dice. Another compartment is for storing the markers. And of course there is a card compartment with a finger-wide recess to make it easier to remove the stacks. It is of course also suitable for cards with sleeves. - The foam insert has the following dimensions: 495 mm x 310 mm x 55 mm total height (50 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany
