Product Description

Store up to 100 bottles (50 ml) neatly. The 60 mm high insert offers space for up to 100 bottles. Regardless of whether the bottles are filled with spirits, liqueurs, essences, spices, extracts or decorative sand, the compartments are suitable for most 50 ml plastic or glass bottles. Because the bottles do not sink completely into the foam, the top half and the lid remain visible. The insert is therefore ideal for use as a display. The soft, fine-pored foam optimally protects the small bottles from damage. - Each of the 100 compartments is 40 mm long x 40 mm wide x 50 mm deep. The foam insert has the following dimensions: 500 mm x 500 mm x 60 mm total height (50 mm usable height + 10 mm foam base). - High-quality, fine-pored foam - Chlorine-free and acid-free - Made in Germany
