Product Description

Suitable for the original Kingdom Death Monster 1.5 + 1.6 base game box: Two-part insert for Phoenix. As the Phoenix is quite large, we have produced a two-part insert. One of the things we took into account was that the Phoenix can be positioned variably on the base. In order to utilise the space in the base properly, it also has space for some large models. The upper part of the foam insert lies on the lower part and protects the Phoenix from the side and from above. The Phoenix foam insert lies on the plastic insert for the cards (much too nice not to use!).
