Product Description

The popular board game Gloomhaven contains a huge amount of game material: hundreds of tokens, standees, discs and cards need to be organised in a sensible way so that nothing gets lost. There are also 18 lovingly designed miniatures that are longing for safe storage. Our foam set for Gloomhaven contains three customised inserts for the game box, which bring order to the chaos, as well as a robust MINI MINUS bag with matching insert to protect your miniatures. This allows you to kill two birds with one stone. Simply place the larger game components such as the rulebook, scenario book and map boards on the board game box inserts once you have everything sorted (the set protrudes approx. 3 cm in the board game box). The MINI MINUS bag is best stored outside the board game box.
