### Product Description

Bring order to your battle case! Matching foam set for transporting and storing 16 expansive miniatures on 60 mm bases + a raster foam insert for large miniatures such as tanks and monsters. This Feldherr foam set fits perfectly in your battle case. Replace the old foam with this contemporary foam insert, which protects your miniatures perfectly and ensures that your army arrives at the gaming table in one piece. The foam set offers you space for up to 16 miniatures on 60 mm bases in prefabricated compartments. It doesn't matter which GamesWorkshop game system they come from. The set works with infantry from Warhammer 40,000 or Age of Sigmar, as well as with figures from more exotic titles such as Blood Bowl, Warhammer Underworlds, or your teams from Kill Team. For larger monsters and tanks, we have added a grid foam insert plus base to the set. You can use the pre-punched grid to create individual compartments for your miniatures without using tools. These are always 55 mm deep and are suitable for larger miniatures such as a Lord Arcanum on his Gryph Charger, Big Mek in mega armour, Deathshroud bodyguards and various endless spells. The set consists of:- 2 GWB-size foam inserts, each with 8 compartments for miniatures on a 60 mm base (CRMFG070BO)- 1 GWB-size grid foam insert for customising (CRMEML055S + CRBA010 base)- Foam coverWhether heavy or standard infantry, your miniatures will find plenty of space on the 3 large inserts. This keeps your models safely in their compartment during transport. The soft foam not only protects the sensitive parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The 16 prefabricated compartments of the CRMFG070BO inlays have the following dimensions:- 8 compartments: 67 mm long x 50 mm wide x 60 mm deep- 4 compartments: 99 mm long x 71 mm wide x 60 mm deep- 2 compartments: 110 mm long x 98 mm wide x 60 mm deep- 2 compartments: 34 mm long x 71 mm wide x 60 mm deepThe Feldherr foam inserts in the GWA-Size and GWB-Size formats are compatible with various GW transport cases with internal dimensions of 272 mm x 211 mm. These include, for example, the Citadel Crusade Case, the Citadel Battle Case, the Citadel Battle Case and the Warhammer 40,000 Carry Case. The 2 foam inserts CRMFG070BO have the dimensions 272 mm x 211 mm x 70 mm total height (60 mm usable height + 10 mm foam base). The grid foam insert CRMEML055S has the dimensions 272 mm x 211 mm x 55 mm total height.- High-quality, fine-pored foam- Chlorine-free and acid-free- Made in Germany
