### Product Description

This Feldherr foam set fits perfectly in your battle kit. Replace the old foam with this contemporary foam insert, which protects your miniatures perfectly and ensures that your army arrives at the gaming table in one piece. The foam set offers you space for up to 64 miniatures on 40 mm bases. It doesn't matter which GamesWorkshop game system they come from. The set works with infantry from Warhammer 40,000 or Age of Sigmar, as well as with figures from more exotic titles such as Blood Bowl, or your teams from Kill Team. Whether hero miniatures or standard infantry, your miniatures on 40 mm bases each have 16 precisely fitting compartments on the 4 large inserts. This keeps your models safely in place during transport. The soft foam not only protects the sensitive parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. Each of the 64 compartments of the CRMEMF050BO foam inserts are 54 mm long x 41 mm wide x 40 mm deep. The Feldherr foam inserts in the GWA-Size and GWB-Size formats are compatible with various GW transport cases with internal dimensions of 272 mm x 211 mm. These include, for example, the Citadel Crusade Case, the Citadel Battle Case, the Citadel Battle Case and the Warhammer 40,000 Carry Case.
