from **81,62 EUR**

Item no.: 377297
 shipping weight: 0.90 kg
 Manufacturer: Feldherr

Product Description

More space for your Death Guard army - The double-size storage box with foam for more than 100 miniatures. With barbaric, hard-hitting attacks, the Death Guard descend on Nurgle's enemies like wave after wave. To ensure that the chaos is limited to their opponents and that your miniatures are neatly stored away from the battlefield, we have created this extra-large, filled storage box for more than 100 models. The set consists of:- 1 Feldherr storage box DSLB310- 1 full-size foam tray for Mortarion + 1 Foetid Bloat-drone + 5 Nurgle miniatures (FSMFAX120BO)- 1 full-size foam tray for 2 Plagueburst Crawlers + Mythitic Blight-hauler + 6 miniatures (FSMEFM090BO)- 1 full-size foam insert for 25 miniatures (FSLQ050BO)- 1 full-size foam insert for 16 miniatures (FSMEFP050BO)- 1 full-size foam insert for 12 miniatures (FSMEEY055BO)- 1 full-size foam insert for 32 miniatures (FSMEDS050BO)- 1 full-size grid foam insert, self-adhesive, 100 mm (FS100RS)- 1 full-size grid foam insert, self-adhesive, 60 mm (FS060RS)- 2 full-size shelves, 10 mm- 1 full-size levelling mat, 4 mm- 1 double-size foam lidThe 120 mm high insert provides optimum protection for the Chaos Primarch with a compartment tailored precisely to Mortarion. The large compartment is suitable for both build variants of Mortarion, Daemon Primarch of Nurgle. Regardless of whether your model swings the scythe "Silence" left or right, the leader of the Death Guard fits into the compartment in both poses. There is a compartment under the Daemon Primarch in which a Foetid Bloat-drone can be stored. 5 rectangular compartments can be filled with figures of your choice (e.g. Deathshroud Bodyguards). The second insert has space for 2 Plagueburst Crawlers of the Death Guard. A Mythitic Blight-hauler can sink its fanged mouth into the foam here. An additional 6 compartments can be filled with Nurgle pendants of your choice. They are suitable for most Death Guard warrior models. 2 grid foam inserts offer you even more space for larger miniatures. The 60 mm high insert is particularly suitable for tanks such as the Chaos Predator and the Rhino. The 100 mm high insert can be used to store even larger war machines, such as the Plague Hulk. The pre-cut 14 mm x 14 mm grid makes it easy for you to design the compartments specifically for your models. The mat has a self-adhesive underside. Simply peel off the film and stick on the base supplied. Your customised foam inlay is ready. And because an army like this can't just fight the battle with war machines and HQ, we've also included 4 mats for your infantry in the box. We've made sure that the selection is as varied as possible, so that Nurgle warriors of all different sizes and poses can be accommodated here. The inserts are designed for models with bases up to 40 mm. Plague Marines, Chaos Terminators (e.g. Blightlord or Deathshroud), Poxwalkers or Chaos Cultists - all find a safe place here. The Chaos box is rounded off with the matching foam lid. This ensures that the miniatures in the upper insert are protected all round and do not bump against the lid of the box. The DSLB310 storage box is made of coated, double-walled cardboard and is therefore very light and also very sturdy. The attachable lid reliably protects your collection from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport the box. Your Death Guard is neatly packed and ready for the next battle in the name of Nurgle. Compartment dimensions:- FSLQ050BO with 25 compartments: 54 mm long x 41 mm wide x 40 mm deep.- FSMEFP050BO with 25 compartments: 54 mm long x 41 mm wide x 40 mm deep.
