from **93,00 EUR**

Item no.: 379794  
shipping weight: 0.80 kg  
Manufacturer: Feldherr

### Product Description

Wave 2 of Kingdom Death: Monster 1.6 & 1.5 is overflowing with wonderfully detailed miniatures. Despite their imposing appearance, however, some of the larger monsters such as Lonely Tree and Gorm are quite fragile. This makes it all the more important to keep them safe. To this end, we have created a new foam set. The set has space for the large Dragon King, Gorm, Lion God and Lonely Tree models. In addition, all other small Wave 1 + 2 miniatures fit into the customised inserts - with the exception of: Spidicules, Sunstalker and Phoenix! As the Dragon King is very large, it requires two inserts to pack it safely. The lower of the two stackable inserts has a 10 mm base and has 3 compartments. One of these compartments is tailored exactly to the Dragon King and offers the miniature a secure stand. Smaller models fit into the other two compartments. Once you have placed the Dragon King in the lower tray, simply place the upper tray, which has a cut-out for the dragon's upper body, on top. The small models are now covered and the Dragon King is well protected. Gorm, Lion God and Lonely Tree also have their own insert designed just for them. This has four compartments, three of which provide space for the exclusive models and one for another small KDM 1.6 & 1.5 miniature. The antenna of the Gorm, the protruding body parts of the Lion God and the filigree branches of the Lonely Tree are protected from breakage. Of course, the high-quality foam also prevents any applied paint from chipping off. All other inserts included in the set are used to safely store the many small Wave 1 + 2 minis. The set therefore provides an overview of your collection and allows you to set up the game more quickly. To round off the whole thing, we also supply two foam lids so that your models are really protected from all sides.

Details- Made in Germany- Chlorine and acid-free  
Technical details- Internal dimensions: approx. 620 mm x 400 mm x 340 mm Height- External dimensions: approx. 635 mm x 410 mm x 350 mm height- Front compartment: 230 mm width x 210 mm height
