## 📄 Product Description

With Feldherr grid foam, you can easily create customised foam inserts. The pre-cut grid offers a suitable solution for a variety of items, such as photo cases, jewellery or miniatures.The raster foam is quick and easy to use. By separating out individual foam blocks, the foam can be easily customised to the individual shape of the goods to be packaged. The perforated foam can be removed by hand without tools.This 100 mm high double-size insert has a pre-cut grid of 20 mm x 20 mm. It is ideal for transporting goods such as large tabletop miniatures, jewellery and tools.The grid foam is fully perforated over the entire height. The base is available separately. To ensure that the packaged goods are optimally protected from below, we recommend using a 10 mm thick base, such as item DS010B.
