from **50,46 EUR**

Item no.: 379582
shipping weight: 0.50 kg
Manufacturer: Feldherr

Product Description

This Feldherr foam set fits perfectly in your crusade case. Replace the old foam with this contemporary foam insert, which protects your miniatures perfectly and ensures that your army arrives at the gaming table in one piece. The foam set offers you space for 28 miniatures on 40 mm bases and 16 miniatures on 60 mm bases in prefabricated compartments. It doesn't matter which GamesWorkshop game system they come from. The set works with infantry from Warhammer 40,000 or Age of Sigmar, as well as with figures from more exotic titles such as Blood Bowl, Warhammer Underworlds, or your teams from Kill Team. For larger monsters and armour, we have added two grid foam inserts in different sizes plus a base to the set. You can design individual compartments for your miniatures using the pre-punched grid without using tools. Depending on the insert, these are always 55 mm or 95 mm deep and are suitable for larger miniatures such as a Repulsor Executioner or Baneblade armour, Lauka Vai, Syll'Esske and various endless spells. Whether heavy or standard infantry, your miniatures will find enough space on the 4 large inserts. This keeps your models safely in their compartment during transport. The soft foam not only protects the sensitive parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The Feldherr foam inserts in the GWA-Size and GWB-Size formats are compatible with various GW transport cases with internal dimensions of 272 mm x 211 mm. These include, for example, the Citadel Crusade Case, the Citadel Crusade Case, the Citadel Battle Case and the Warhammer 40,000 Carry Case. Warning! Not suitable for children under 36 months.

Scope of delivery- 2 GWB-size foam inlays with 14 compartments each for miniatures on a 40 mm base (CRMEMH050BO)- 2 GWB-size foam inlays with 8 compartments each for miniatures on a 60 mm base (CRMFGR070BO)- 1 GWB-Size grid foam inlay for customising (CRMEML055S + CRBA010 base)- 1 GWB-Size grid foam inlay for customising (CRMEML095S + CRBA010 base)- 2 matching foam lids
