## HS030A001 - Foam insert for craft tools

from **5,20 EUR**

Item no.: 380732  
shipping weight: 0.10 kg  
Manufacturer: Feldherr

### Product Description

Your crafting tools neatly and compactly stowed away - suitable for many manufacturers, such as Army Painter or Italeri. Playing requires sensible dice, crafting requires the right tools. We have this practical insert so that you always have your tools neatly organised. All the important tools you need to assemble and modify your miniatures can be found here. The compartments are suitable for the most frequently used hobby tools from various manufacturers, such as Army Painter, Italeri or Vallejo. The insert is divided into 8 differently shaped compartments. The largest of these offers space for a side cutter. Craft knives, cutters (knives with snap-off blades), files, drills and tweezers, for example, can also be stored neatly. The three small compartments can hold boxes of spare blades, drill bits and other small parts. Each item is safely stored in its compartment and stays there until you need it again. The flat, lightweight foam mat is therefore the ideal insert for your craft bag. - The half-size foam insert measures: 275 mm x 172 mm x 30 mm total height (20 mm usable height + 10 mm foam base). - High-quality, fine-pored foam - Chlorine-free and acid-free - Made in Germany
