BX04SET - Foam set for Monumental - Deluxe Edition board game box

from **26,26 EUR**

Item no.: 379803
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

What will be written about you in the history books? That you were a great warlord? A patron of culture and science? Or rather a visionary builder of a great city? It's entirely up to you which path your civilisation will take. The miniatures in the Deluxe Edition are as unique as your culture. And to make sure they stay just as unique, you get the matching Feldherr foam set to keep your miniatures organised and protected. The first insert is primarily for the larger miniatures. From Ghenghis Khan to Ramses and Siegfried, each warlord has his own customised compartment. The warriors with expansive weapons are also accommodated here. Customised compartments ensure that the miniatures do not slide around or bump into each other during transport. This not only protects the delicate parts of the detailed figures from damage. When you paint your miniatures, the colours also remain safe from abrasion and scratches here. The second mat is where you sort the remaining, smaller figures. Soldiers, Explorers, Outposts and of course Albert Einstein are neatly organised here. The remaining game components (e.g. cards, tokens, tiles) are still stored in the plastic tray that comes with the game. The plastic tray is placed in the box first. The foam mats filled with the miniatures are placed on top. The foam lid supplied closes the whole thing so that the miniatures are securely packed all round. Place the booklets and the scoring track on the cover.

Details- The set fits exactly into the original board game box from the "Deluxe Edition Pledge" of the Monumental Kickstarter campaign by Funforge SARL- Provides space for all miniatures from the Deluxe Edition Pledge- The original plastic tray from the manufacturer is required. This is where you store the remaining game components, such as cards, tokens and tiles- The lid of the board game box protrudes approx. 5 cm above
Technical details- High-quality, fine-pored foam- Chlorine-free and acid-free- Made in Germany
