### Product Description

With GKR: Heavy Hitters, you've managed to get hold of New Zealand's most coveted export item after sheep's wool? Have you also secured the stretch goals? Then congratulations! We wish you every success in wiping out your opponents and destroying skyscrapers. As you probably know, even killer robots need a breather after a battle. That's why we at Feldherr have created a set in which the miniatures in the basic box as well as those in the stretch goals and extra buys can find a safe home. The set consists of 3 inserts. The "Kickstarter" inlay fits exactly into the exclusive, black Stretch Goal Box from the Kickstarter campaign. It holds the following miniatures:- 4 x Tactile Plastic Dashboards- 1 x Glory Hound Mini- 2 x Hapsi themed buildings- 4 x Mercenary Unit Miniatures (Snipey / Splodey / Morty / Zappy)- 4 x Pilot miniatures (4 Pilot Edition (Jae / Kemi / Izzy / Diego)- 4 x Pilot miniatures Stretch Goals (Ike / Ana / Marlo / Nix)- 3 x Building Spires (Urban Wasteland Expansion)- 4 x Corporation Toppers (Urban Wasteland Expansion)- 1 x BIG Little Buddy (Add On)Two further inlays store the miniatures from the Heavy Hitters base game. The inlays naturally fit exactly into the original board game box and only protrude slightly. The first basic game inlay has 20 compartments. 4 compartments are reserved for the large Heavy Hitter miniatures. The supporter units of the four factions can be safely stored in 12 further customised compartments. There are also 4 large compartments for game materials such as playing cards, dice and tokens. The second basic game tray has 11 compartments. 10 compartments are reserved for buildings. These can be either the cardboard buildings from the basic game or the plastic buildings from the Urban Wasteland expansion. In addition, a further compartment provides space for additional game components such as game cards. To protect the game components from bouncing against the box lid during transport, we also supply 2 foam lids. The set consists of:- 1 foam inlay (85 mm x 398 mm x 358 mm) for the basic game- 1 foam inlay (80 mm x 398 mm x 358 mm) for the basic game- 1 foam inlay (80 mm x 398 mm x 358 mm) for Heavy Hitters Kickstarter and Extra Buy Content- 2 foam lidsFeldherr wishes you lots of fun playing!- high-quality, fine-pored foam- chlorine-free and acid-free- Made in Germany
