**Product Description**

Practical set to store the Carnival Zombie: 2nd Edition game content including all unlocked stretch goals in the limited edition board game box. Venice, with its picturesque old buildings, romantic canals and opulent carnival, has always been an invitation to dream. But a nightmare awaits you. Hordes of the undead roam the alleyways, the huge palaces cast ominous shadows and instead of ornate masks, rotten grimaces await you, making your blood run cold. To help you survive the night, we provide you with a perfectly customised survival pack. In the Feldherr foam set with organiser, you can safely and neatly store all miniatures and the entire game material from the basic game, as well as all unlocked stretch goals and additional content from the Deluxe Pledge from the Kickstarter campaign. This means that you can easily access every card and every token even when you're on the run through Venice and your figures leave no trace of individual parts behind. This means you can survive a carnival full of zombies in Venice. - The set offers space for all miniatures and the corresponding game material from the "Carnival Zombie: 2nd Edition" base game, including all unlocked stretch goals and additional content from the Deluxe Pledge from the Kickstarter campaign. - It fits into the original board game box of the "Carnival Zombie: 2nd Edition - Limited Edition". - The painted miniatures are reliably protected by a foam insert. - Two plastic token holders help you to sort the small game material. - Three card holders are included in the set for sorting your playing cards. - All cards fit into the card compartments even with protective sleeves. - The original plastic tray is replaced by the foam set and the organiser. - The double-sided game board is included. The double-sided game board, rulebooks, scenario sheets, Finale Sheet, Path of Saints Sheet, Character/Boss/Location Summary, Pile of Corpses, Boat Tile, Armoured Car/Aerial Screw Tile, Tarantasio Tile, Bridge/Cemetery Tile, Gauge Marker, Character Sheets and Player Aids are placed on the 1st foam lid. The 2nd lid is placed on top of this, on which the filled cloth bag is placed. - "Ready to Use" - no assembly required. What could be worse than an end of the world scenario with zombies? Facing a horde of hungry undead with no weapons or missing limbs. To prevent this from happening and to ensure that all 26 miniatures arrive on the gaming table undamaged, we have included a matching foam insert in the set. Whether it's one of the survivors or the giant Tarantasio, each miniature has a matching compartment. The miniatures fit snugly thanks to the precise cut. Even if you dance across the bridges of Venice during transport, nothing slips and the models stay in place. Thanks to the soft, high-quality foam, you don't have to worry about scratches and chipped paint on your painted figures or broken details on your miniatures. Once your miniatures are stored, the next step is to take care of your game material. Three card holders help you sort the 123 playing cards. Two card holders are for the normal-sized cards, while the single large holder is for the large-sized cards. Of course, all cards also fit into the card holders with protective sleeves. You can store the card holders next to the foam insert. In addition to a few compartments in the foam, we have also included two token holders with 5 compartments each in the set for your small game material. So you have enough storage space for all the tokens in the game. Place the token holders on top of the card holders. Cover the foam insert with the smaller lid. Place the game board, rulebooks, scenario sheets, Finale Sheet, Path of Saints Sheet, Character/Boss/Location Summary, Pile of Corpses, Boat Tile, Armoured Car/Aerial Screw Tile, Tarantasio Tile, Bridge/Cemetery Tile, Gauge Marker, Character Sheets and Player Aids on top. Finally, cover everything with the remaining foam lid and stow away the "The Abyss" cloth bag filled with wooden dice. The set consists of: - 1 Feldherr foam insert with 30 compartments for miniatures such as character minis, enemy minis and Tarantasio, for character standees, as well as for small game material such as Obstacle Tiles and Fortification Tiles - 2 plastic card holders for standard cards such as Item Cards and Nightmare Cards - 1 plastic card holder for large-format cards such as Boss Tarot Cards and the Carnifex Tarot Card - 2 plastic token holders with 5 compartments each for small game material such as Metal Coin, Wooden Tokens, Boat Tokens, Group Markers, Foundering Tokens, Calendar Markers, Clock Markers, Holy Bomb Markers, Stress Markers, Order Tokens, Scenario Tokens, Blessing Tokens, Path Markers, Cannon Tokens and Mediolanum Tokens.
