Product Description

Discover the thrill of modelling with the exquisite 1:25 scale '57 Chevy Bel Air kit. With an impressive parts count of 186 pieces and final dimensions of 206 mm long, 79 mm wide and 64 mm high, this kit is the ultimate collector's item. Recommended for experienced modellers aged 12 and over, this model represents Level 5 modelling, which requires in-depth knowledge and skills. This model kit is ideal for experienced modellers (Level 5) who are looking for a challenge and want to put their skills to the test. It offers complex, challenging fun and the chance to create a piece of automotive history. The '57 Chevrolet Bel Air is more than just a car; it is a symbol of the 1950s and an American classic. When it was introduced, it set new standards in design and performance, especially with the optional fuel-injected 283-horsepower V8 engine. This kit brings not only the car, but also a piece of glorious automotive history to your collection. Bring this masterpiece to life with your own hands and savour every detail, from the gleaming chrome parts to the powerful engine.
