Product Description

With the Carrera GO!!! "DTM High Speed Showdown" set, you and your friends can take part in exciting DTM races on a 8.9 metre track. With the included hand controllers, you control the racing car of the 2022 champion, Sheldon van der Linde, who has led the BMW M4 GT3 with the number 31 from Team Schubert Motorsport to several victories. His opponent is the chic Ferrari 488 GT3 "Red Bull AF Corse No.30", driven by Liam Lawson, who not only impresses in red and blue in the race but also visually. You and your friends can look forward to a fun and unique driving experience as you race your slot cars along high-speed straights, through steep bends and over the fly-over. The absolute highlight are the two loops that provide plenty of action!
