Product Description

The CAT 336 excavator provides plenty of fun on the construction site. Shovel movements, swivelling movements of the excavator, boom movement and chain drive can be easily controlled via the controller, making the excavator feeling more real than ever. Equipped with an original CAT licence, the king of the construction site impresses with its impressive yellow paintwork and stylish black highlights. The excavator is ideally equipped for night-time action thanks to the LED light. The sound function provides an even more authentic machine feeling. Outdoor enthusiasts aged 8 and over can dig on their own construction site for up to 40 minutes before the included Li-ion battery has to take a break to charge for approx. 210 minutes using the USB quick-charging cable.
