Boeing 787 Dreamliner, model, 836 parts, from 9 years old

from **39,85 EUR**

Item no.: 358872
shipping weight: 1.40 kg
Manufacturer: COBI

📄 Product Description

The Boeing™ 787™ Dreamliner is the latest model of passenger aircraft from the American aviation company Boeing Company. It is a mid-size wide-body long-range aircraft. The Boeing 787 entered service in 2011. It carries 210 to 330 passengers, depending on the seating configuration. In terms of fuel consumption, the aircraft is said to be more economical. It was also the first passenger aircraft to have a fuselage and wings made almost entirely of composite materials. The Dreamliner is in service with many airlines around the world. It is also present on LOT Polish Airlines, where it flies on the longest routes.

The model of the latest Boeing 787-8™ Dreamliner™ passenger aircraft has been faithfully reproduced from 836 COBI building blocks. Specially designed elements on a scale of 1:110 faithfully reproduce the shape of the original. The aircraft is equipped with rotating wheels and a folding landing gear. Motors with rotating rotors are mounted under the characteristic wings.The set uses only permanent prints. No stickers! The Dreamliner from COBI is the perfect purchase for all fans of civil aviation, technology and building with blocks. Thanks to true-to-the-original details, it will delight adult collectors, teenagers and young aviation enthusiasts!
