Product Description

Foam set for the safe storage of 2 Nazgûl on Winged Shadows and 34 other miniatures. The Winged Beasts from the Shadows of Ash Mountain are among Sauron's most terrifying creations. The enemy armies tremble at the mere sound of their deafening cries. Driven by the Nazgûl on their backs, the hybrid creatures of dragon and snake plummet down into the enemy lines, grabbing their victims with their huge claws and hurling them through the air like toys. GamesWorkshop has captured the splendour and terror of the Nazgûl on their mounts with detailed miniatures. To spare you the horror of a broken wing, we have the matching foam set. The set contains:- 1 full-size foam insert with 2 compartments for the upper section (FSMEGJ140)- 1 full-size foam insert as an intermediate section (FSMEGL010)- 1 full-size foam insert with 36 compartments for bases and miniatures (FSMEGK050BO)- 1 matching foam lidThe top insert is divided into 2 compartments, tailored to the miniature of the Witch King of Angmar on the Winged Shadow, as well as a second Winged Beast with rider. The intermediate insert covers the lower mat so that the 34 miniatures are securely packed all round. On the lower foam mat, 2 round compartments the size of the bases ensure that the models stand securely. The other 34 compartments provide space for warrior, rider and orc models from the "Middle-earth Tabletop Strategy Game - The Battle of Pelennor Fields" starter set. Of course, other miniatures from the Middle-earth tabletop strategy game also fit. Storing the models in precisely fitting compartments protects sensitive parts, such as the wings of the Winged Shadows or the Witch King's sword, from damage. It also prevents the figures from sliding around and bumping into each other during transport. This also prevents the colours from chipping or rubbing off, which can be quite frustrating, especially with the Ringwraiths' mounts. A matching foam lid ensures a secure closure and your miniatures are perfectly equipped for transport. The 34 compartments have the following dimensions:- 24 compartments: 50 mm long x 25 mm wide x 40 mm deep- 4 compartments: 50 mm long x 32 mm wide x 40 mm deep- 1 compartment: 59 mm long x 25 mm wide x 40 mm deep- 1 compartment: 74 mm long x 25 mm wide x 40 mm deep- 2 compartments, each with a rounded side: 58 mm long x 74 mm wide x 40 mm deep- 2 compartments, each with a rounded side: 56 mm long x 59 mm wide x 40 mm deepThe foam inserts measure:- Top insert: 345 mm x 275 mm x 10 mm total height- Middle insert: 345 mm x 275 mm x 10 mm total height- Bottom insert: 345 mm x 275 mm x 50 mm total height (40 mm usable height + 10 mm foam base)- High-quality, fine-pored foam- Chlorine-free and acid-free- Made in Germany
