### Product Description

For safe storage of the two miniatures from the Dark Souls boss expansions "Black Dragon Kalameet" and "Old Iron King" One is the last of the ancient Immortal Dragons, the other a power-hungry, damned ruler and now a horned demon with huge wings. With this foam set, the two impressive megaboss miniatures get the protection they deserve. Two accurately cut miniature fans give the two bosses, Black Dragon Kalameet and Old Iron King, a safe haven. The precise cut ensures that the miniatures do not slide around or bump into each other during transport. This ensures that the colours of painted figures are protected from abrasion or scratches. Finer, sensitive parts, such as Kalameet's wings or the spikes on the back of the Old Iron King, are optimally protected from damage here. Each boss also comes with 2 card compartments, one for the large cards (e.g. Data and Behaviour Cards) and one for the small cards, such as the Treasure Cards. The compartments are all equipped with finger-wide cut-outs for easier removal and are of course also suitable for cards with sleeves. The round compartment can be used to store the health dials. To ensure that the towering wing of the black dragon Kalameet is adequately protected, there is also a 40 mm high cover with a wing-wide cut-out. A matching foam cover rounds off the set so that each individual miniature is completely surrounded by foam.

Set consists of- 1 full-size foam tray for miniatures and game material (FSMEIY115BO)- 1 foam mat with cut-out (FSMEIZ040)- 1 foam lid
