Product Description

For safe storage of the two miniatures from the Dark Souls boss expansions "Guardian Dragon" and "Asylum Demon" Whether it's the fire-breathing, powerful Guardian of the Path to Dragon Aerie or the demon lurking in the Undead Asylum, both boss miniatures are safely stored with this foam set. Two miniature-accurately cut compartments give the two bosses, Guardian Dragon and Asylum Demon, a safe home. Thanks to the precise cut, the miniatures remain in their softly padded place during transport. This prevents collisions and rubbing or chipping of the paint on painted figures. Delicate, delicate parts, such as the wings of the Guardian Dragon or the headdress of the Asylum Demon, are well protected from snapping off. Each boss also comes with 2 card slots, one for the large cards (e.g. Data and Behaviour Cards) and one for the small cards, such as the Treasure Cards. The compartments are all equipped with finger-wide cut-outs for easier removal and are of course also suitable for cards with sleeves. A round compartment can be used to store the Health Dials. There is also a separate compartment for the Asylum Demon's Pillar Tokens. To ensure that the Guardian Dragon's towering wing is adequately protected, there is also a 50 mm high cover with a wing-wide cut-out. A matching foam cover rounds off the set so that all miniatures are completely surrounded by foam.

Set consists of- 1 full-size foam tray for miniatures and game material (FSMEIW115BO)- 1 foam mat with cut-out (FSMEIX050)- 1 foam lid
