### Product Description

For safe and neat storage of all contents of the expansion in the original game box - Includes Flex Cross Band green. From the heart of Fangorn to the burnt ruins of Osgiliath, the shadow of war reaches the human kingdoms of Rohan and Gondor. Sinister bands of mercenaries are waging war across the lands. Face the danger and prevent an inferno. But you don't have to face this task alone. We'll support you on your adventure with the matching Feldherr foam set for the expansion's board game box. This allows you to store the miniatures and your game material neatly and transport them safely. - The set fits exactly into the original board game box of the expansion "Shadow of War" for "The Lord of the Rings: Journey through Middle-earth". - Provides space for all 7 hero and 21 enemy miniatures, as well as the complete game accessories of the expansion. - The rulebook is stored separately on the foam lid. - The lid of the board game box protrudes approx. 4 cm. - For more stability when storing and transporting the set, we have added a foam cover. The Flex Cross Band size L, also included in the set, provides more stability during storage and transport. The set includes: - 1 foam insert for miniatures and tokens (AFMFGA045BO) - 1 foam insert for cards, game board components and tokens (AFMFFZ060BO) - 1 foam lid - 1 Flex Cross Band green - size L We have included two large foam inserts in the set so that you can safely store all your miniatures and game material. You will find space for the majority of your figures in the lower insert. Your heroes Beorn, Calamintuk, Boromir, Rénérien, Dwalin and Fréahild get perfectly fitting compartments here, as do the opponents. The Nazgul mounts and the warriors receive their own miniature-specific fans. This ensures that the detailed miniatures remain securely in place and cannot bump into each other when being transported through Helm's Deep. The soft foam reliably protects delicate details, such as Boromir's horn or the warriors' slingshots, from damage. If you paint your figures, you can also be sure that the colours are protected from scratches and abrasion. With the exception of the Oliphant, all 28 figures can be stored here clearly and securely. In addition, two large compartments remain free, which you can use for your two siege towers. Sort the "Difficult terrain" and "Fortified" markers into the remaining narrow compartment. In the second insert, place the Oliphant in the large compartment between the map compartments. There are a total of three matching card slots for small cards, such as item cards. The compartments have finger-thick cut-outs to make it easier for you to remove the stacks. All cards also fit with sleeves. The large compartment is used to store the travel game board components, the oversized hero cards and the remaining tokens. A matching foam cover completes the set. You can place the rules booklet on the cover. This ensures that all miniatures are securely packed, the game material is neatly stowed away and you are well equipped for the upcoming Battle for Middle-earth. The lid of the board game box protrudes significantly. To ensure a stable, transportable fit of the lid despite the overhang, the set also includes a Feldherr Flex Cross Band green (size L). The foam inserts have the following dimensions: - AFMFFZ060BO: 285 mm x 285 mm x 60 mm total height (50 mm usable height + 10 mm foam base) - AFMFGA045BO: 285 mm x 285 mm x 45 mm total height (35 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free
