from **41,46 EUR**

Item no.: 379865  
shipping weight: 0.30 kg  
Manufacturer: Feldherr

### Product Description

Foam set to protect the miniatures and sort the game material in the original game box. Mercenaries, assassins, shadow dragons, gods and demons. The list of those who want to put out Drizzt the Dark Elf's life-light is, unfavourably, very long. But what would a legendary adventure be without challenges? It's not just in the depths of Underdark or the icy plains of Ice Wind Dale that there are challenges to overcome. Just getting the 40 miniatures from one place to another undamaged is sometimes an endeavour worthy of a hero's song. We can't give you a song, but with the Feldherr foam set we can help you get your figures from A to B and store your game material neatly. Everything is safely packed and clearly organised. - The foam set fits into the original board game box of the "Dungeons & Dragons: The Legend of Drizzt" base game. - 5 foam inserts offer space for the 40 plastic miniatures, 200 cards, 70 tiles and the entire game material of the base game. - The normal-sized cards also fit with protective sleeves. - Adventure Book and Rulebook are stored separately on the foam lid in the box. - The lid of the board game box protrudes approx. 8 cm. - The Flex Cross Band size L, also included in the set, provides more stability during storage and transport. - Transport and tip-proof - Vertical storage possible. The set includes: - 1 foam tray with 5 compartments for miniatures such as Errtu and Shimmergloom + game cards (DKMFFA095BO) - 2 foam trays with 24 compartments each for Hero and Monster miniatures + game material (DKMEPU065BO) - 1 foam tray with 3 compartments for square Hero and Villain tiles, Start Tile, Destination Tiles, Cavern Tiles, Cavern Edge Tile (ABMESX045BO) - 1 foam insert for markers, tokens and dice (DKMEPV045BO) - 3 foam lids - 1 Flex Cross Band green - size L. So that you can experience your adventure with undamaged miniatures, we have packed 3 foam inserts with precisely fitting compartments in the box. Whether hero or monster, Drizzt or Errtu, we take care of each of your miniatures. Each model has its own compartment. Thanks to the customised cut, the figures fit securely. This means that nothing can slip or bump into each other during transport through the icy plains of Icewind Dale. The soft, fine-pored foam protects delicate parts from breaking off and the colours of your painted models are safe from ugly scratches and chipping paint. Once your miniatures have been taken care of, we turn our attention to your game material. You can organise your playing cards next to Errtu. There are two compartments in the insert, into which your playing cards can be embedded to fit perfectly. Of course, these also fit with a protective cover. Hero tiles, villain tiles and all tiles for building the playing field have their own insert with three compartments. You sort the 200 tokens and markers for the game, as well as the dice, into the insert with the 16 compartments, as well as into the free compartments of the other inserts. The foam covers supplied complete the set. This ensures that the miniatures are securely packed all round and nothing bumps against the lid of the box during transport. The adventure book and rulebook are stored separately on the foam lid in the box. Both the game pieces and game material are safely and neatly packed, so nothing stands in the way of your great adventure. The lid of the board game box protrudes significantly. To ensure a stable, transportable fit of the lid despite the overhang, the set also includes a Feldherr Flex Cross Band green (size L). The foam inserts have the following dimensions: - DKMFFA095BO: 300 mm x 150 mm x 95 mm total height (85 mm usable height + 10 mm foam base) - DKMEPU065BO: 300 mm x 150 mm x 65 mm total height (55 mm usable height + 10 mm foam base) - DKMEPV045BO: 300 mm x 150 mm x 45 mm total height (35 mm usable height + 10 mm foam base) - ABMESX045BO: 300 mm x 300 mm x 45 mm total height (35 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany
