Product Description

For practical sorting and safe storage of the game materials from the core set in the original game box. To defeat the demons, ghosts and monsters that have invaded feudal Japan, you need to have your game materials well organised. Our foam set for "Shadows of Brimstone: Forbidden Fortress" allows you to organise your Tengus, Ninjas and co. and store them safely in the original board game box. - The set fits exactly into the original board game box of the "Shadows of Brimstone: Forbidden Fortress" game box from Flying Frog Productions. - Suitable for all 27 miniatures and all tokens, dice and small cards of the core set. - The lid of the board game box protrudes approx. 2-3 cm. The set contains:- 1 foam insert with 29 compartments for miniatures and cards (DAMEMR075BO)- 1 foam insert with 30 compartments for cards, tokens and dice (DAMEMS030BO)- 1 matching foam lid You can store the 27 miniatures of the game in the insert with the 29 compartments. There is a separate compartment for each figure - this ensures that the models do not slide around and get damaged. The fine-pored foam reliably prevents delicate parts such as swords from bending and also ensures that the paint applied to painted miniatures does not get scratched. The 2 additional compartments of the insert are available for sleeved or unsleeved small cards (e.g. world cards, map cards). The compartments have finger-thick recesses - this ensures easy removal of the decks. You can organise other small cards as well as all the tokens and dice in the game in the insert with the 30 compartments. The newly gained overview will speed up your game setup - leaving you more time to play. The set is completed with a matching foam lid. This ensures that nothing can fall out of the inserts. Simply place the larger game components - rulebook, adventure book, large cards, map tiles, depth track, Sumo Pledge Rules Collection, CD - under the foam set or on top of it. Then close the lid and you're ready to go. The foam inserts have the following dimensions:- DAMEMR075BO: 465 mm x 285 mm x 75 mm total height (65 mm usable height + 10 mm foam base)- DAMEMS030BO: 465 mm x 285 mm x 30 mm total height (20 mm usable height + 10 mm foam base)- fine-pored foam - Made in Germany- chlorine-free and acid-free
