from **100,13 EUR**

Item no.: 377315  
shipping weight: 0.90 kg  
Manufacturer: Feldherr

### Product Description

They may be among the most powerful armies in the realms, but the Dark Prince's daemon warriors are still extremely vulnerable. Unusual models such as Exalted Seeker Chariot or Contorted Epitome should therefore be treated with particular care and stored sensibly. With the Feldherr DSLB310 storage box and the matching foam inserts for Hedonite Slaanesh, you can do this with ease. Of course, the fine-pored foam reliably protects your miniatures from damage - fragile parts remain intact, sensitive surfaces are spared scratches and abrasion. The FSMEOL100BO insert has a customised compartment for one model of the Exalted Seeker Chariot. Three further compartments are suitable for miniatures such as Fiends or Huntresses of Slaanesh. You can safely store smaller miniatures such as Masque in the two small compartments. The FSMEOG135BO insert offers a precisely tailored compartment for a Keeper of Secrets model (fits in any model variant). There are also four rectangular compartments on the insert for other miniatures, e.g. for Fiends and/or Infernal Enrapture. The HSMEOF095BO insert has an individually customised compartment for a model of the Syll'Esske: The Vengeful Allegiance and a Contorted Epitome. The four other compartments of the insert are suitable for many character models, such as the Masque or Daemonettes. You can store simple miniatures of various sizes, such as Daemonettes of Slaanesh, in the insert with 34 compartments. You can configure the 70 mm high grid foam insert according to your personal requirements. The inlay is pre-perforated with a 14 mm x 14 mm grid. To customise it to your model, remove the appropriate foam segments and then glue the inlay to the foam base supplied. Done! The inserts naturally fit exactly into the DSLB310 storage box. This is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects your collection from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport the box.

Technical details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free  
Technical data  
Internal dimensions: - Length: 56 cm- Width: 36 cm- Height: 31 cm
