from **85,86 EUR**

Item no.: 377310
shipping weight: 0.90 kg
Manufacturer: Feldherr

Product Description

Feldherr storage box to store your modular Ash Wastes terrain. Plus 55 compartments to store your units. No matter which setup of the Ash Wastes buildings you choose, this Feldherr Storage Box DSLB310 will help you transport part of the Necromunda planet surface to the gaming table. The set contains several grid foam inserts that you can customise to your liking. This allows you to create the ideal solution for your modular Ash Wastes terrain pieces. The set also includes 4 half-size foam inserts, suitable for your Ash Waste Nomads and Gangers of House Orlock. They provide space for clear and safe storage of the 26 units of the Ash Wastes playset + 29 additional compartments for your growing gangs. The matching foam lid completes the set. Place it on the top insert - this protects your miniatures from all sides during transport. The fine-pored foam reliably protects your figures from damage - fragile parts remain intact during transport, while sensitive surfaces are spared scratches and abrasion. The DSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
