from **100,13 EUR**

Item no.: 377316  
shipping weight: 0.90 kg  
Manufacturer: Feldherr

### Product Description

To prevent your Flesh-eater courts from becoming victims of mutilation due to poor storage, we have put together this double-size storage box with the matching foam inserts collection for you. Here you can store more than 140 models safely and neatly. Of course, the fine-pored Feldherr foam optimally protects your miniatures from damage - fragile parts remain intact, sensitive surfaces are spared scratches and abrasion. 2x FSME00050BO + 2x FSMEOS130: A total of four inserts for two copies of the Zombie Dragons - two inserts for the bases and two inserts for the tops. The inserts are suitable for the Zombie Dragon, Abhorrant Ghoul King on Zombie Dragon or Vampire Lord on Zombie Dragon build variants. The lower inserts are divided into 1 large and 14 small compartments. The large compartments are tailored to the bases and the lower part of the dragon miniatures. This ensures that the dragons stand securely and do not slide around during transport. You can store small miniatures, such as the Crypt Ghouls from the Flesh-eater Courts, in the 14 small compartments next to them. The second inserts are placed on top to ensure that the rest of the figures are also securely packed in foam. These are provided with a miniature cut-out. As a result, the delicate wings and all other intricate details are optimally protected from damage. 2x HSCW075BO: The 12 compartments on each of these two half-size foam inserts are divided into three different sizes. The inserts are suitable for both larger ghouls and small miniatures. Two compartments each are ideal for the winged Crypt Infernal Courtier, while the medium-sized ones can be filled with Crypt Horrors, for example. You can safely store miniatures the size of Crypt Ghouls in the eight small compartments. 2x HSCU060BO: 16 compartments in 2 different sizes each provide protection for your small and medium-sized Flesh-eater Courts on these two half-size foam inserts. The inserts are ideal for the Crypt Horrors, Abhorrant Archregent and Crypt Ghouls models. The inserts naturally fit perfectly into the DSL310 storage box. This is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects your collection from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport the box. The two foam lids complete the set. The full-size lid is used to level out the height of the stacks of inserts in the storage box, while the double-size lid is used to cover the inserts so that no miniatures can fall out during transport.

Technical details- high-quality, fine-pored foam - Made in Germany- chlorine-free and acid-free  
Technical data  
Internal dimensions: - Length: 56 cm- Width: 36 cm- Height: 31 cm
